## LESSON PLAN & OBJECTIVES COVERED

Must be in the form of name of lesson plan and objectives from that lesson plan.

## BRIEF DESCRIPTION OF TRAINING

Good: Know how to select and advance an appropriate hose line.

Not Good: Practiced pulling hose lines.

Good: IFSTA FF1, Objectives 2 and 5.

Not Good: Discussed IFSTA Chapter I

### NOTE:

Level I instructors must use a pre-prepared lesson plan, such as from the IFSTA instructor manual or Delmar training package. Lesson plan used should be noted on this page or attach a copy.

Level II instructors may write their own lesson plan.

This is where you describe what you did to teach the skills needed to meet the objective and how students demonstrated their knowledge.

## EQUIPMENT USED

List equipment as well as an firefighting apparatus or equipment. Don't care that you used a projector or the TV etc.

## SHOW HOSELAYS AND/OR DIAGRAMS IF TRAINING WAS HANDS ON DRILL

Diagram what you did.
